

Wireless Access Now Available

We are proud to offer our patients and visitors *FREE* wireless access.

You and your family can use your own personal laptops to access the Internet from almost anywhere within the hospital to:

- Check email
- Access bank accounts and other favorite sites
- Surf the web

See reverse side for instructions.

Accessing Marymount's Guest Wireless Network

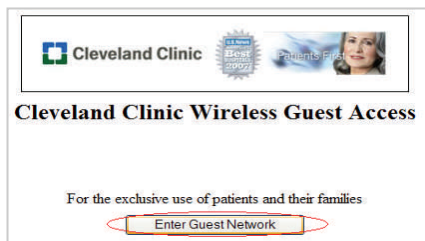

Step 1

Please ensure that your laptop computer has wireless internet capabilities. Once your laptop has connected to the "CC-Public" wireless network, open your internet browser (Internet Explorer, Mozilla Firefox, etc.). You will see a page open up with a message that looks like the one below.

You are being redirected to the network authentication page.
If you are not redirected automatically, then please click [HERE](#).

Step 2

Follow the message displayed if your browser does not take you to the next step. Next, you will see a screen that looks like the one below. In order to move on, you will need to click on the "Enter Guest Network" button.

Step 3

The next step is to accept the terms of use that are stated on the next screen. Be sure to read through the terms of use carefully before continuing. Once you have read and understood the terms of use, click on the "Accept" button at the bottom of the screen.

By selecting Accept - you agree that you have read, understood and will abide to the acceptable use policy of the Cleveland Clinic Guest Network

Step 4

The next step will take you to a welcome screen for the Cleveland Clinic Wireless Guest Access network. On the left side of this screen you will see a link for <http://www.clevelandclinic.org>. Click on this link and use the page that opens up to explore the internet.
